My dear Mr Dolan

Enclosed please find my check for $10.00 which kindly see you have plenty you can send me some of the Hinson and Patton Medal Ordinance that C. M. Jones Montreal Hot on Continental Round of Fun from the Stark & Finch and Hot Humid out. I think it is the most acceptable set of Officers for the Majority of our Members that could have been elected. We had no idea to elect the Officers of Mr Williams had 237 proxies he had the power in his hands he was the one we had to work on. If Mr Clapp & Mr Edgerton had been there I have no doubt but what they could have been elected on the board of Directors, as the Granbys did not have the position of 2nd Vice President. Enclosed your Vote and voted for him for one of the board of Directors he was elected. As we did not turn our proxies in after the Convention Senator Jones

Yours

when up the officers elected I would like
to hear from Mr Clapp elected in place of Mr.
Ashbrook. as I proposed to see all dealers
removed from office, then there is no
steps or has been in the last three
conventions I have attended, but
time they carry their feelings to far
much you could have been there and
then you would have enjoyed yourself
from the start to the finish Mr Dillon
and I were together a great deal of the
time. I know he felt happy as he met
with our side he did not return I suspect
as he expected I must hie him in Canada.
Mr Adams I fear he doesn't but what you have
to do we will be able to explain everything in
a clear way. He is all right. he was the main
one to hold the Convention together and bring
about Harmony he did not get lost on
any Question that came up. I hope to see
you before long and explain more fully some
of the facts as this composing Party is not
fit to be [illegible] and Yours truly M. Sullivan

you, I have not, as yet, seen any one who was there.

My dear Mr. Mitchelson:-

Your letter of February 20 was duly received. I note what you say about slugs and would remind you of the fact that the old slugs are much more desirable than those that the Government may issue at some future time. I am glad to hear that you and Mrs. Mitchelson will be down to the exhibition as I am sure that you will enjoy it. I note what you say regarding making the new United States Treasurer a member of the Society, according to our new constitution the membership of the Society is limited and we cannot elect any members at the present time. We can however, if you think that would be satisfactory, elect him an Associate Member and would be very very glad to do so. The Associates Members have all the rights of full members excepting the right to vote and hold office and only pay Five Dollars ($5) dues and considering that he lives so far away I should think this would suit him as well as being a full member paying Fifteen Dollars ($15). Drop me a line and let me know what you think about it. With kind regards to Mrs. Mitchelson, I am

My dear Mr. Winchester:

[illegible] of the kind invitation, which you gave me when I saw you last Saturday, you will see by the enclosed slip that I am at Cheriffville, on Tuesday morning next, at 11.15 o'clock, provided the train is on time.

I expect to take the 8.14 train to Hartford on Monday morning, and spend Monday night with Mr. Mills, and leave for the Land of Tariff and Tobacco on Tuesday morning, as requires the Tariff,- which you follow out in Cheriffville more the last one, why in thunder did you fix it so that we should have such a lot of letter writing in a few weeks? I see you, on Tuesday, I will give my views on that subject, and will expect that you have it corrected with my entry !!

Should not Mr. Hayes Davidson, since I saw you, put forth by visit, at this time, inconvenient, please drop me a line to that effect, etc.

Mr kind regards to yourself and Mrs.

Very sincerely yours,

My dear Mr. Mitchelson:

I enclose the communication regarding paper money, of which I spoke to you, I hope you will find it interesting.

I hope to attend the Numismatic Club meeting on Friday evening, I have been wondering whether your paper on the Midlay coppers will come at this meeting or a later one..

I had a very good time in Boston, would have liked to have remained there longer, but could not spare the time.

The prospect of having the medals on the S. S. Minnewaska seems to be favorable, though we have no definite word of them as yet.

My visit at Cheriffville is a most pleasant recollection, I enjoyed every minute of the time spent with you.

Kindly remember me to Mrs. Mitchelson.

My dear Mr Belden

I was pleased to get a few lines from you It is nice to hear from the inside world once in a while I have been busy for the past 2 months here in the County. I am trying to build a Farm. I have a lot of Land and am trying to make it so I will have some pride and pleasures from it in the future. So it has kept me busy building Barns. water works &c. I come home every night tired out and go to bed from 7 to 9 P.M. I have things now so I will not have to spend my time there. I would enjoy to have

a visit from you very much and
I know it would be a nice rest for
me if you will come and spend a day
or two with me. either on your way
to or from Boston The weather now is
getting settled and the Country is beginning
to look good. I think if you will
stop over and spend a little time with
me it will do you good also and
let you breathe some New England air.
I can give it to you here as pure
as it is made. (if not a little better)
If you will let me know I will meet
you at the train any time it is convenient
for you either by letter. Wire or telephone

April 28th, 1911.

My dear Mr. Mitchelson:

Your letter dated April 24th reached me this morning, and I was very glad to hear about the improvements you are making on your new property, and I hope to get a little glimpse of all these fine things before long.

Some matters have come up that will make it necessary for me to be here all next week and the early part of the week after, and I, therefore, had to delay my trip to Boston and will not get away until after the tenth. I will probably go there direct and stay several day, and on my return I am anticipating great pleasure in stopping off and taking a look at our good friend Hills and a little trip out to Tariffville, in response to your very kind invitation.

My annual pilgrimage in your direction has now become rather a settled event, and I always look forward to it with the greatest amount of pleasure as I have enjoyed the former ones very much. I have been hoping for some time to be able to see you here, and I intend to keep right on hoping until you get here.

The country out your way must begin to look very pretty. The few pleasant days, that we have had here, have made quite a difference with us, and I have developed a very strong desire to get

out in the woods for a good long tramp but the various agricultural operations, that I conduct on my little half-acre, have taken up all the time that I can spend away from here.

Kindly remember me to Mrs. Mitchelson and believe me,

Very sincerely yours,

November 22nd, 1911.

My dear Mrs. Mitchelson:-

As directed by the Society, I am sending you herewith a copy of a resolution which was unanimously adopted at the meeting held last Saturday, which was the first meeting since Mr. Mitchelson's death.

We feel that this resolution but faintly expresses the loss that was sustained by the Society, and even more by those of its members who knew and loved him.

Hoping that you continue in good health, and with kindest regards, I am,

Very sincerely yours,
